ATHLETIC PROGRAM

Handbook

*The CRUSADERS...Striving to be more Christ-like
in all that we do.*

"The advancement of the Gospel mission of Catholic education is the best reason for athletic programs. Athletic programs that successfully integrate the Gospel message into athletics produce individuals who are faith-filled, have respect for others, value human life, and are willing to sacrifice for those in need."

PARTICIPATION IS A PRIVILEGE

Playing sports is a privilege rather than a right. Athletic program administrators have a duty to hold athletes to personal, academic, and disciplinary standards. Since the athlete represents our parish, every effort will be taken to ensure that student athletes are worthy representatives; those who fail to meet academic or disciplinary expectations will not be allowed to play sports, at least until the prescribed penalty or academic improvement has taken place.

RESERVATION OF RIGHT TO AMEND

**The school reserves the right to revise
the policies and procedures contained within this handbook at any time
with little or no notice.**

Dear Parents and Students:

Just as the school and Religious Education program are ministries of the parish, so too the athletic program is a ministry of our parish. It is part of a whole and not a stand-alone piece. As with all parish ministries, our mission is to grow in the Catholic teachings and the living of our faith--yes, even through athletics!

All students, parents, and coaches must "buy into" our parish philosophy and procedures (printed in this handbook) as well as the larger parochial league policies.

OURS IS A PARTICIPATION BASED ATHLETIC PROGRAM. At the elementary school age level (through eighth grade) we stress skill development and participation over competition. If competition is "your thing" then our program is not for you.

Emphasis is placed on Catholic values, teamwork, honesty, cooperation, self-sacrifice, dedication, obedience, hard work, goal setting, respect, self-discipline and mutual encouragement. All of these are more important than winning!

Parent volunteerism is necessary for our athletic program to be successful. Our athletic program functions through parent volunteerism. Please fulfill your volunteer commitment if your child is involved in our athletic program.

Please take the time to read this handbook--it's your responsibility; by registering in our athletic program you agree to abide by these policies and procedures.

Our program is self-policing; that is, we depend on our parents to provide us with feedback on whether our volunteer coaches and parents are following these policies and procedures. Please communicate your concerns to our athletic director or to me.

Most importantly, keep our athletic program, the coaches and players and spectators, in your prayers. Ask God to send His Spirit to guide our participants to be appropriate Catholic role models to others while enjoying the social opportunities athletics offers.

Athlete's Prayer

Fr. Max Striedl

Loving Father:

You have given us the gift of sport

To help us grow in body and mind.

Send your Holy Spirit

To watch over us today.

Keep us from injury.

Bless us, our fans, our coaches

and officials with good sportsmanship.

May our game be marked by hard play,

Fairness, fun, respect and love.

May all we do bring you greater glory.

We ask this through Christ, our Lord

AMEN.

ARTICLE III – ADMINISTRATION

In accord with Rockford Diocesan Policy 6200 “All elementary and high school athletic programs associated with Catholic schools in the Diocese of Rockford shall be under the jurisdiction of the local school principal. The athletic director will be accountable to the principal.” The Superintendents Council of the Diocese shall serve as the Board of Directors for diocesan

elementary school athletics. This Council shall make decisions on matters that are not resolved by the local school principal and/or the local conference of Catholic schools. All local policies must comply with and compliment diocesan policies. All deanery and/or local league policies must be submitted to the Catholic Education Office annually for review.

ARTICLE IV – ATHLETIC PROGRAM REQUIREMENTS

Section 1. A candidate for an athletic team may not practice or play in a game until s/he has filed with the school a certificate of physical fitness issued by a licensed medical doctor for the current school year and a proof of insurance waiver signed by the parent/guardian. As of July 1, 2011 all student-athletes in the State of Illinois must comply with mandated school policies regarding concussions and head injuries. This applies to students in both elementary and high schools. Principals, coaches and athletic directors should refer to Diocesan Policy 5175 for details of this mandatory policy. Also see attached Concussion Information and Parent Release Form that must be distributed to every parent.

Any student athlete who missed a contest due to an injury or a health issue must provide the principal, coach and athletic director a doctor's note clearing them to resume playing.

Section 2. Lower grade (through 6th) programs shall have as their primary emphasis instruction and participation. Upper grade (7th and 8th) shall emphasize instruction, participation, and competition. At the lower grades (through 6th) in order to emphasize instruction and participation, playing time in a given contest is to be equitable among all athletes on a team.

Section 3. Coaches and athletic directors must cooperate in teaching methods, styles of play, etc. so as to provide the best opportunity for athletes to develop proficiency and character.

Section 4. It shall be the responsibility of the host school to lead those assembled in a public prayer and the recitation of the pledge of allegiance or playing/singing of the national anthem.

Section 5. It is mandatory that all team members who are listed in the official scorebook for each contest be given playing time. Playing time at the lower grades (through 6th) is defined in Section 2 of this article above. In the upper grades (7th and 8th) every member listed in the book must enter and play in the game/match/contest before it ends. Likewise, it is mandatory that all team members who are listed in the official scorebook sit out a portion of each contest. Exception: When the number of team members is equal to the number of athletes necessary to field a team. The head coach of each team is responsible for implementing this rule.

Section 6. Host schools are responsible for having a designated person in charge of the game facility at all times. Such person will notify visiting coaches of his/her role. The individual in charge of paying game officials must pay them by check only. Cash payments of officials are NOT allowed.

Section 7. Each school shall establish, implement and communicate scholastic eligibility requirements for its students. Such scholastic eligibility requirements are to be included in the school's handbook, which is, distributed to families each school year.

Section 8. Each school shall establish, implement and communicate conduct eligibility requirements for its students. Such conduct eligibility requirements are to be included in the school's handbook, which is, distributed to families each school year.

Section 9. Religious activities take precedence over all athletic activities.

Diocesan schools that participate in contests/tournaments with non-Diocesan schools or sponsored by non-Diocesan schools must compete in such contests following these Diocesan rules and regulations.

Section 11. A properly equipped first aid kit must be available to coaches at all practices and contests. Every school gymnasium must have a properly functioning A.E.D. (Automatic External Defibrillator) unit in or near the gym. All adults who oversee athletic (i.e. coaches, athletic directors, principals etc...) must be adequately trained to utilize the A.E.D. in an emergency.

Section 12. Club teams, AAU teams, etc. (those operating independently from school/parish teams) must not be sanctioned by the elementary schools. In addition, to minimize confusion, such teams are not to be allowed to practice or play games in Diocesan elementary school facilities. Also, as a reflection of the philosophy and purpose of the Rockford Diocesan Elementary Athletic Policy, the Catholic Education Office recommends that participation on school teams take precedent over club, travel, or A.A.U. teams.

Section 13. Consequences for violations of these Diocesan Rules and Regulations are to be developed and determined at the local level by the school principal. However, at a minimum, for violations of Article IV, Section 5; Article V – Requirements for Coaches and Athletic Directors; and Article VII – Sport Limitations and Specifics, the school in violation shall be required to forfeit the contest in which the violation occurred and head coach of the school in violation shall be suspended for the following contest.

Section 14. "Slaughter Rule" – If a team is ahead by 25 points at the end of the 3rd quarter (for all regular season and tournament games) the clock will continue to run through the entire 4th quarter. Neither team will run a full court press. The team with the higher score will remove as many of the starters as possible. Official time outs will continue.

Coaches are always to be positive in coaching and encouraging a good attitude towards officials. Sportsmanship covers not running up the score on another team. Obscene language and behavior will not be tolerated. Coaches are not to incite the fans toward opposing coaches, players or officials. Athletic Directors are instructed to caution coaches and remind them of their responsibilities and accountability in this regard.

HOLY FAMILY PARISH ATHLETIC DEPARTMENT PHILOSOPHY

The Athletic Department of Holy Family Parish is sponsored by Holy Family Parish and is to reflect the Catholic faith and the faith values of Holy Family Parish and of the Roman Catholic Church. These faith values will be reflected in decisions we make, in the approaches that we take to the children in our program and in everything about our Athletic Program as well as every other area of our parish life.

Although the Athletic Program is open to all children of Holy Family Parish, both those in our religious education program and those in our parish grade school, our history of the program shows that for the most part, they will be children from our parish grade school. Our Athletic Program is regarded as an extension of our grade school and religious education program -- that is, the values and philosophy that is conveyed by the coaches and staff of the program must be seen as a continuation of, a furthering of what our children are taught by way of Catholic Christian values in our school and religious education program.

The Athletic Program of Holy Family Parish exists in its own right and is not seen simply as the "feeder program" or a preparatory program for any other school or system in our area.

All children should play. Each sport shall have a defined minimum participation time, such as number of quarters, number of innings, etc.

All children who go out for a team should be able to find a place on the team. No one should be denied a place except for serious health reasons.

The number of games and number of practices per season should be carefully monitored so that our grade school children also have significant time to be with their families. Practice times should also be monitored closely so that our young grade school children are home on school nights at an appropriate hour to get adequate rest for the next day of school.

Values of Christian sportsmanship should be reflected at all times within our program.

ATHLETIC ADVISORY COMMITTEE

The Committee's purpose is to be an advisory policy/procedure-recommending body dealing with policy/procedures for the athletic program in accordance with the pastor's defined athletic program philosophy. The committee also serves as a sounding board for problems/issues within the athletic program. The committee periodically meets with the principal and/or athletic director on an as needed basis.

CANCELLATIONS

When school is closed due to inclement weather (announcement will be on TV news, radio stations, emails and School Speak. It will be similar to "Boylan Catholic High School and Rockford Area Catholic Elementary Schools are closed") formally **scheduled evening athletic events will also be canceled.**

COMMUNICATION PROCESS

- A. Parents, coaches and athletes may identify a problem or area of concern by using the communication process form available from the school office and/or page 29 of this document.

- C. The Athletic Director and/or Principal will either meet for clarification purposes or bring the matter before the Athletic Advisory committee for discussion and recommendation.
- D. The concerned parties will be informed of any rulings.

CORRESPONDENCE

ELIGIBILITY: ADMINISTRATIVE

All athletic program participants must be students currently enrolled and actively participating in either Holy Family School or the Parish Religious Education program. A student who enrolls in RE solely for the purpose of participating in a sport, and drops out at the conclusion of that sport, shall not be able to participate in that activity the following year.

- C. An eligibility warning will be issued the week before a student becomes ineligible to participate. This warning will be issued even if the student is earning a failing average in a subject. A warning week must always precede a week of ineligibility. This warning notice allows the parent and student one week to do "what is necessary" to achieve a passing grade in all subjects.
- D. A conference will be held with all students to discuss their warning status. A written notice is sent home and must be signed by the parents and returned the following day to the administrative assistant.
- E. Students may fully participate in any activity during the warning week.
- F. When a student becomes ineligible, the focus of his/her time should be on improving the failing grade(s). Students will not be allowed to be present at or participate in their team's practice, games and/or tournaments. Reasonable attempts will be made to notify parents by phone and in writing if a student is declared ineligible.

AN INELIGIBILITY BECOMES EFFECTIVE WEDNESDAY MORNING AND LASTS THROUGH MIDNIGHT TUESDAY OF THE FOLLOWING WEEK.

ELIGIBILITY: BEHAVIOR

- A. Students must remain at or below 15 demerits to be present at or participate in their team's practices, games and/or tournaments.
- B. If a student is ineligible due to demerits, refer to the Student Handbook where "DEMERIT REMOVAL" is addressed.

ELIGIBILITY PERIOD

Begins each WEDNESDAY morning and ends the following TUESDAY at midnight. The eligibility periods cover school-scheduled vacations. Parents and students should maintain current academic and behavior information so as to avoid extended ineligibility periods over scheduled vacations.

HEAD CONCUSSIONS

Diocesan Policy 5175

THE MANAGEMENT OF CONCUSSION AND HEAD INJURY IN YOUTH SPORTS

The State of Illinois enacted a law effective July 1, 2011, requiring IHSA member schools to adopt a policy regarding student-athlete concussions and head injuries that is in compliance with the protocols, policies, and by-laws of the IHSA. The School and its coaches shall continue to adhere to the IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions and the IHSA Return to Play Policy, as they are now and may hereafter be amended. This Diocesan Policy applies to elementary schools and high schools.

Definition

A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death is significant when a concussion or head injury is not properly evaluated and managed.

Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority of concussions occur without loss of consciousness.

Removal from Practice and Game if Suspected Injury

When a student exhibits signs, symptoms, or behaviors consistent with a concussion or other head injury, such as a loss of consciousness, headache, dizziness, confusion, or balance problems, or when a coach otherwise suspects a student has suffered a concussion or other head injury, the student shall be removed at that time from participation in a practice or game or other competition.

No Return to the Practice or Game without Physician Clearance

A student who has been removed from an interscholastic contest for a possible concussion or head injury shall not be permitted to return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer.

If not cleared to return to that contest, a student shall not be permitted to return to play or practice until the student has provided the School with written clearance from a physician licensed to practice medicine in all its branches in Illinois or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Illinois.

Application of this Policy

This policy and the attached appendices are to be made a part of the any agreement, contract, code, or other written instrument the School requires a student and his or her parents or guardian to sign before participating in practice or interscholastic competition.

Procedure:

The School shall educate its coaches in recognizing the signs and symptoms of and properly managing head injuries. Athletic Concussion Oversight Team

In order to meet Diocese Policy, Holy Family Catholic School will implement a Concussion Oversight Team. This Team shall meet on an AS NEEDED BASIS and will comprise of one physician, the Athletic Trainer or Athletic Director and the school nurse. The Athletic Director and/or school nurse is responsible for implementing and complying with the Return-To-Play and Return-To-Learn policies adopted by the Oversight Team.

A student under suspicion with any signs or symptoms of a concussion shall be removed from any interscholastic athletic practice or competition and is not permitted to practice or compete again until ALL of the following protocols are completed.

RETURN-TO-PLAY/RETURN-TO-LEARN PROTOCOL:

A student-athlete displaying any signs or symptoms of a concussion shall be immediately removed from play and **NOT ALLOWED TO RETURN TO ACTIVITY** until they are evaluated by a licensed physician.

1. The student-athlete must then receive written confirmation from a licensed medical physician **ON LETTER HEAD** that they have been evaluated and are eligible to Return-To-Play/Return-To-Learn activities.
2. The parent/legal guardian **MUST** provide the signed medical release form to School Nurse prior to the student-athlete returning to athletics acknowledging that they are released for activities, with or without restrictions.
 - i. If school is not in session, the Parent/guardian may provide signed physicians form to the coach. The coach must then **IMMEDIATELY** call the Athletic Director who will contact the appropriate administrative officer or designee to determine if the student-athlete may **RETURN-TO-PLAY**.
 - ii. If the Athletic Director or the Administrative Officer/Designee **CANNOT** be reached, the student-athlete **WILL NOT BE ALLOWED TO PRACTICE OR PLAY UNTIL** the school Administer Officer/Designee has been notified.

Concussion Information and Release Form

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

- | | |
|--|---|
| <ul style="list-style-type: none"> • Headaches • “Pressure in head” • Nausea or vomiting • Neck pain • Balance problems or dizziness • Blurred, double, or fuzzy vision • Sensitivity to light or noise • Feeling sluggish or slowed down • Feeling foggy or groggy • Drowsiness • Change in sleep patterns | <ul style="list-style-type: none"> • Amnesia • “Don’t feel right” • Fatigue or low energy • Sadness • Nervousness or anxiety • Irritability • More emotional • Confusion • Concentration or memory problems (forgetting game plays) • Repeating the same question/comment |
|--|---|

Signs observed by teammates, parents and coaches include:

- | |
|---|
| <ul style="list-style-type: none"> • Appears dazed • Vacant facial expression • Confused about assignment • Forgets plays • Is unsure of game, score, or opponent • Moves clumsily or displays in-coordination • Answers questions slowly • Slurred speech • Shows behavior or personality changes • Can’t recall events prior to hit • Can’t recall events after hit • Seizures or convulsions • Any change in typical behavior or personality • Loses consciousness |
|---|

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents and students is the key to student-athlete's safety.

If you think your child has suffered a concussion

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. IHSA Policy requires athletes to provide their school with written clearance from either a physician licensed to practice medicine in all its branches or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches prior to returning to play or practice following a concussion or after being removed from an interscholastic contest due to a possible head injury or concussion and not cleared to return to that same contest. In accordance with state law, all IHSA member schools are required to follow this policy.

You should also inform your child's coach if you think that your child may have a concussion. Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

 - a. Attendance for total class time
 - b. Appropriate behavior for each class
 - c. Class participation is essential in order to maintain a positive and healthy classroom atmosphere.
 - d. A weekly eligibility sheet signed by each classroom teacher, including Religious Education Teacher, stating that they are passing class for the week. This form must be given to the child's coach weekly, and then forwarded to the Athletic Director.

If at all possible, the Athletic Advisory Commission will recommend qualified persons to assume the head coaches' positions for all sports at all levels of play. It is our goal to have non-parents coach JV and Varsity teams.

In the case that a parent is coaching his/her own child, we ask that partiality not be shown toward that child. The parent coach should not expect more from his/her child than others on the team. Depending upon the degree of seriousness of a situation, the following guidelines may be followed when program policies and procedures are not followed:

- 1st situation results in a verbal/written warning
- 2nd situation results in a two game suspension
- 3rd situation results in replacement of the coach
